

FYCA Forth Inshore Group - Race Entries 2002-2005

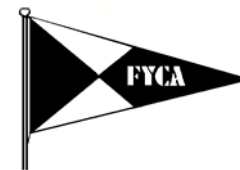

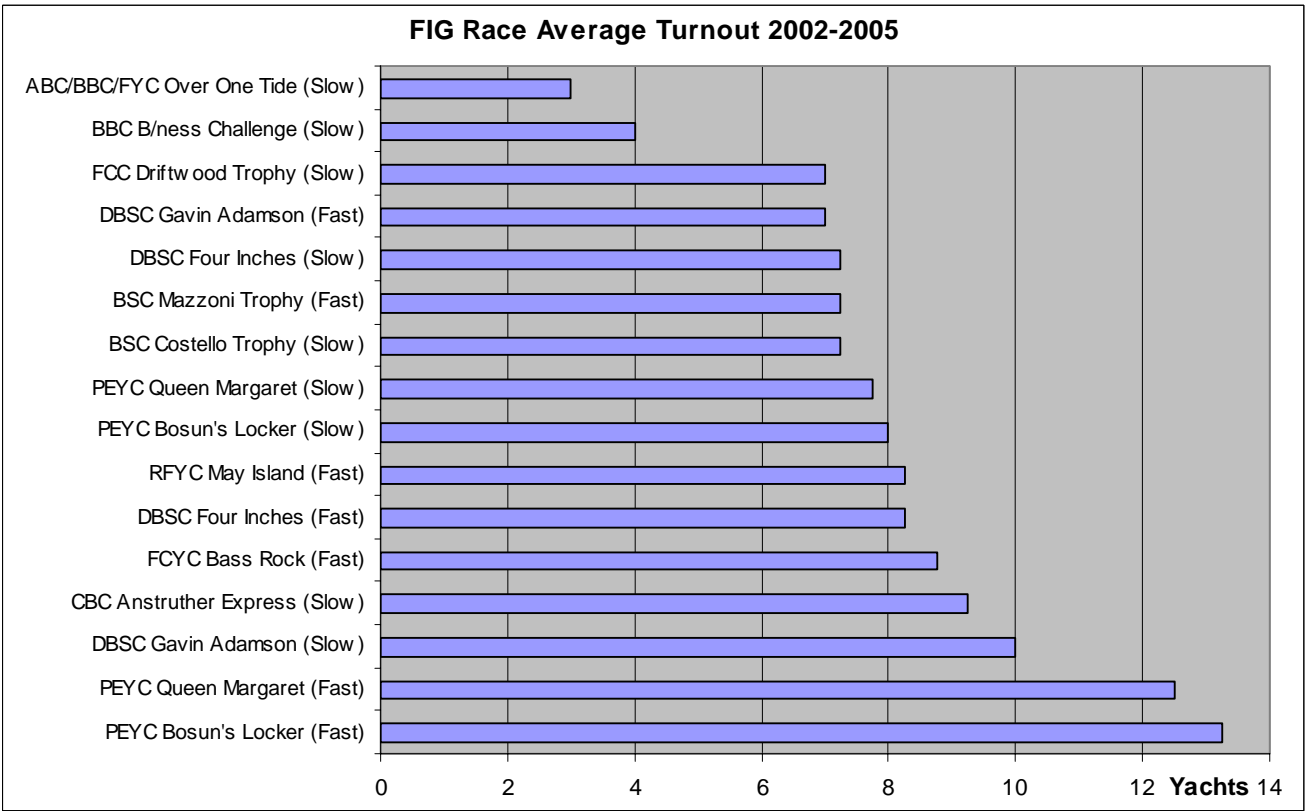

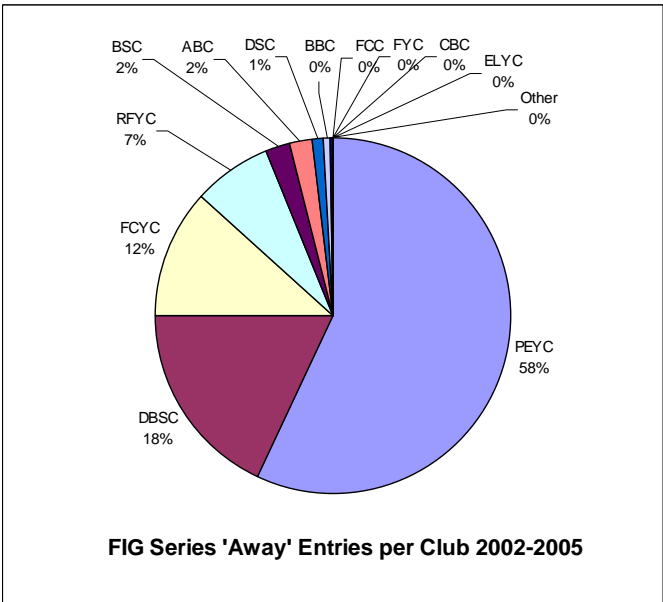

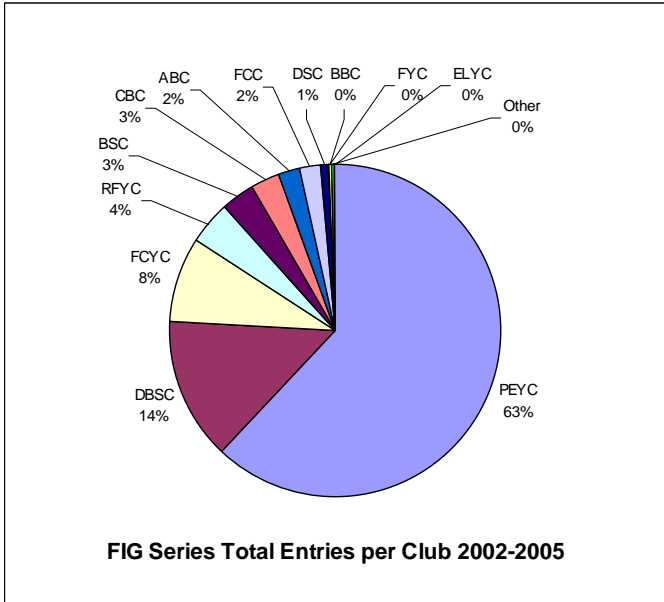

FIG Race Series Analysis:

Table below shows race turnouts for years 2002-2005 & total entries from each club for each race over the same period. Total entries have averaged around 115 each year. Overall total is 459 entries over four years, with 197 'Home' entries (43%) and 262 'Away' entries (57%).

NB: Driftwood Trophy & Blackness Challenge races were planned on alternate years. Blackness Challenge was withdrawn very late in 2004 and replaced by DBSC Gavin Adamson (Slow) race which was not normally included in FIG series.

FIG Series Yacht Numbers:

Analysis of individual yachts participating in the FIG series races shows that 110 different yachts have entered over the last four years, with an average of 52 in each year. Fast fleet yachts have averaged 25 per year but dropped to only 19 in 2005. Slow fleet yachts have averaged 27 per year.

To qualify for the FIG trophies, competitors count their best four results out of the current seven race series for each of the Fast & Slow classes. A key test of FIG series support by yacht owners is the number of 'qualifying' boats that complete four or more races. It is encouraging that the overall total of qualifying boats has steadily increased from only six in 2002 to sixteen in 2005. Fast fleet qualifiers have risen from four in 2002 to ten in 2005. Hence of the 19 Fast fleet yachts participating in 2005, half qualified with 4+ results. Slow fleet qualifiers have similarly improved from only two in 2002 to six in 2005. However this represents only a quarter of the 26 Slow fleet yachts participating.

This indicates that the FYCA should keep the required number of FIG series results to count at four if we are to maintain a realistic, competitive series that does not become an 'attendance trophy'.
